

October 18-22, 2010, Las Vegas, Nevada

Introducing the next generation IBM Power Systems POWER7

Get your POWER7 technical skills
at IBM's Power Systems Technical University

Smarter systems for a Smarter Planet

What will this university cover?

This premier Power Systems™ event is an intense, consolidated way to learn how to reduce your operating costs, simplify your IT environment, access more solution providers and use the newest technology innovation—virtualization with IBM POWER7™ technology.

The IBM Power Systems Technical University offers hundreds of sessions on extensive topics, multiple training levels (beginner to advanced), best practices, a solution center and certification testing. There will never be a better time to refresh your skills and learn about this new generation of technology all at once. Hear details on the latest POWER7 announcements and its capabilities:

- New workload optimizing technologies such as IBM TurboCore
- IBM Active Memory™ Expansion to reduce memory costs
- IBM PowerVM™ and VMControl virtualization software to support up to 1,000 virtual machines
- Intelligent energy optimization features, such as IBM POWER7 EnergyScale™

Who should attend?

This event offers a wealth of knowledge and resources to IT professionals such as:

- Systems administrators/programmers
- Application programmers
- Hardware planners/analysts
- Storage administrators/capacity planners
- IT architects
- IT, data center and support managers

Highlights and featured sessions

Over 250 sessions feature such topics as:

- What's new in IBM AIX® 7.1, IBM i 7.1
- POWER®, AIX and IBM i trends and directions (what's coming)
- Best Practices for POWER Systems™, including VIOS, I/O and firmware/microcode currency
- Tuning SAP and Oracle in AIX Environments
- Fibre Channel over Ethernet (FCoE) and converged network adapters (CNAs) for Power Systems Servers
- Understanding Processor Virtualization for POWER6™ and POWER7
- Migrating from IBM i V5R4 to i6.1/i7.1
- VIO Server Best Practices and Enhancements
- Leveraging Live Partition Mobility to move to POWER7
- Technical details of the new high-end POWER7 Systems
- How to migrate to POWER7 Hardware
- Designing your NIM Environments with Reliability
- What's new in PowerHA™ SystemMirror
- Performance and Capacity Planning Enhancements
- IBM i and open storage
- Cloud computing for Power Systems
- Powering up analytics with the IBM Smart Analytics System

Innovation on display

Don't miss our Solution Center filled with IBM and Business Partner products and solutions for IBM Power Systems. Enjoy receptions and coffee breaks in the Solution Center as you learn more about what these solutions and products can offer you.

Certification testing

Certification is both a journey and a destination. It's a business solution. A way for skilled IT professionals to demonstrate their expertise to the world

We are pleased to announce that certification testing will be available at the IBM Power Systems Technical University at the discounted price of \$99 per test. Pending seat availability, you can take—on a first come, first serve basis—one or more certification tests. For more information, visit:

ibm.com/certify

Pay with IBM Education Pack

This prepaid discount program gives your organization's employees access to the top-notch classroom training, technical conferences and e-learning offerings— at a very competitive price. For details about IBM Education Pack and other ways to save on tuition, visit:

ibm.com/training/conf/systemsavings

Tuition fee \$2,495. Get the early bird price of \$2,195 if you register by September 17, 2010. Enroll online or call 1-800-IBM TEACH (1-800-426-8322) and select option 2.

Hotel information

All activities will be held at the Rio All-Suites Hotel and Casino, Las Vegas, easily accessible from the McCarran International Airport.

Rio All-Suites Hotel and Casino
3700 West Flamingo Rd
Las Vegas, NV, USA, 89103
1-702-777-7777

A special room rate is available at Rio All-Suites Hotel for attendees. The **\$139 room rate** is for single or double occupancy, plus applicable state and local taxes. You can make reservations when you enroll. Your reservation will be guaranteed for late arrival with your credit card number.

2010 IBM Systems Technical Universities and Symposia U.S. Schedule

IBM System Storage Technical University

July 26-30, Washington, D.C

Learn how IBM System Storage™ solutions can help you manage and secure your data. This conference is collocated with the IBM System Storage Technical University. Enjoy sessions at both events for no additional charge.

ibm.com/training/us/conf/stor

IBM System x Technical University

July 26-30, Washington, D.C.

Hear about new products and technologies from System x® and BladeCenter® at this event, which is collocated with the IBM System Storage Technical University. Enjoy sessions at both events for no additional charge.

ibm.com/training/us/conf/systemx

IBM System z Technical University

October 4-8, Boston, Massachusetts

Get the best consolidated view and training on the latest 2010 announcements for System z, operating systems and related applications.

ibm.com/training/us/conf/systemz

Attention: Sponsors and exhibitors

Become part of the Solution Center. Benefits include:

- Increased exposure on IBM conference Web pages
- Enhanced visibility to conference attendees
- Cost-effective turn key solution, including pedestal, signs, wireless networking
- Introduction of the 2010 Solution Center Options package for the Symposium levels events
- 10% Early Bird Discount, if you sign up 60 days before the start of the event

Don't miss the opportunity to lock in the lowest prices and the greatest benefits for any of our events world wide. For more information, go to:
